## **126th Comptroller** **Flight**

## MISSION:

*Empowering financial analysts to deliver outstanding budgetary and financial support through fiscally responsible resource management and timely processes, fostering data-driven decision-making.*

## VISION:

*To be a recognized leader in fiscal stewardship.*

## FINANCIAL MANAGEMENT:

The United States Air Force (USAF)

Financial Management (FM) and

Comptroller specialists keep a watchful

eye on our financial data to ensure that our funds are being utilized responsibly and efficiently.

Financial Management and Comptroller specialists are responsible for advising, interacting, and coordinating on financial matters, processing financial transactions, determining funds availability for procurement action, and providing customer service and analysis for various organizations and vendors.

## TRANSFERRABLE SKILLSETS:

**Data Analytics:** Skills gained in the military that are highly transferable to the civilian world. The military will develop expertise in data collection, analysis, and interpretation, which are crucial for making strategic decisions.

**PowerBI:** The future of data visualization! Learn how to use this user-friendly interface with robust capabilities allowing users to easily connect multiple data sources, perform complex data modeling, and create compelling visualizations.

**Project Management:** Continuous monitoring of project progress against financial plans is conducted. Regular reporting ensures transparency and accountability.

**Planning and Budgeting:** Rigorous planning processes are employed to forecast financial needs and allocate resources.

**Risk Management:** Identifying, assessing, and mitigating risk is a critical component of any job.

**Compliance and Regulation:** Adherence to strict governmental and military regulations is essential. Financial managers ensure that all financial activities comply
